A GOOD TICKET TO VOTE.

For Governor:

J. HOGE TYLER.

For Lieutenant Governor.

For Attorney General:

A. J. MONTAGUE.

For House of Delegates:

W. S. McCLANAHAN.

J. W. HARTWELL.

The selfish grasping "machine" is on its last legs. One more knock-out will end its career. It is the duty of every Democrat who loves political decency to hit it a blow on election day.

The undemocratic crowd that has stolen the livery of Democracy to serve the devil in, is fast finding out that the people are disgusted with their abominable tricks and capers. Their subservient treachery only serves to make the real Democrats of Roanoke more eager to throttle it and kick it out of their way.

It has already cost the United States Government \$2,000,000 to chase real and imaginary filibusters in the Cuban trouble. Yet Spain has the impudence to claim that the United States does not try to prevent such expeditions. What does the Spanish government want? Does she expect our people to form themselves into a huge detective agency for her benefit? If so, she will find herself mistaken.

The yellow fever epidemic in the South is beginning to assume large proportions and instead of the scourge getting better it grows worse daily. Over fifty new cases are being reported almost daily, and the death rate is about one in four. There is a disposition on the part of many people in New Orleans to conceal the fact that the ravishing disease exists in their families and fatalities occur because medical attention is not called in. The masses are in a revolutionary mood because of the enforcement of the system of house quarantine and are resorting to every means in their power to put obstacles in the way of the constituted authorities.

The "machine" is now playing its last card. Orders have been issued to apply the party whip. In the early stages of the campaign it was bold, blustering and defiant. Failing to make progress it changed its tactics and, putting on sackcloth and ashes, paraded its assumed humility and humbleness. Its thin cloak of hypocrisy, grown threadbare by long usage, failed to disguise the leopard and instead of winning favor won ridicule and contempt. It is now at the last ditch and is straining every nerve to reach the fleshpots on the other bank. While the sight of lucre and power has added its brains it has doubled its agility and, like a chicken with its head off, it is hopping in every direction. The machine has not sense enough to know it, but the jig is up, the die is cast. The real Democrats of Roanoke have been reading and listening and have determined that they will no longer allow their votes to be used to debauch the party and blacken its record. The party whip has lost its terrors. Men are no longer swayed by narrow groveling, prejudices and the appeals of hungry ringsters who hang like barnacles on the party ship only serve to arouse the voter to a clearer sense of his duty.

ANOTHER CANDIDATE.

According to the Richmond Leader, Mr. Richard Drummond, of Amherst, has announced himself a candidate for register of the land office. The leader says: Hon. Beverly R. Harrison, member of the house of delegates from Amherst, is in the city today. He states that there is a lively interest in politics in his county and in Nelson. Mr. S. C. Allen, a Republican, is opposing Mr. C. J. Campbell, who has been nominated to succeed Mr. Harrison, but the latter gentleman says Mr. Campbell will win. Hon. Bland Massie has no opposition for the Senate in the district composed of Amherst and Nelson. P. B. Young is running as an independent candidate against Mr. Fitzpatrick, the Democratic nominee for the house in Nelson.

MISS WILLARD RE-ELECTED.

She is Again Made President of the
•W. C. T. U.

Toronto, Oct. 27.—The world's Women Christian Temperance Union convention closed last night with a rousing platform meeting. The convention will long be remembered by white ribboners as the occasion of the best fight they ever fought to prevent any compromise of principle and to overthrow the attempt made to besmirch their shield of purity. The American delegates were largely in the majority in this convention and they stood determinedly together in their opposition to Lady Henry Somerset and insisted that the world's union should take no ambiguous or uncertain stand on the question of morality. They would not listen to any compromise on the matter.

There was to be no code of morals for India that could not obtain in America. They insisted on passing strong resolutions touching this matter, and they were supported by most of the delegates from other countries. The resolutions adopted affirmed unalterable opposition to any system of license or regulation of the social evil and declared the belief of the members in the equality of the sexes.

After declaring against war or anything that fosters the war spirit, and urging the members to discourage military drill in public schools or in Sabbath schools, the resolutions sounded a warning note against the use of opium or narcotics, protested against the sale of liquor on ocean steamships and the christening of ships with wine; called attention to the increasing dangers of progressive card parties and favored an eight-hour day for wage-earners and the Sabbath for rest and worship.

General officers were re-elected as follows: President, Miss Frances Willard, America; vice-president, Lady Henry Somerset, England; secretary, Miss Slack, England; assistant secretary, Miss Gordon, America; treasurer, Mrs. Sanderson, Canada.

SAYS HE SAW MRS. LUETGERT.

Missing Woman Alleged to Have Been Found Alive Within the Last Few Days.

Chicago, Oct. 27.—"Within the last twenty-four hours we have received information that may make another trial of Luetgert unnecessary," said Attorney Albert Phalen yesterday. "I will not reveal the name of my informant, nor of the city in which he lives at present, but it is within 200 miles of Chicago, and the man is an ex-official of the place."

"He is positive—absolutely positive—that he has seen Mrs. Luetgert within the last few days. This information together with his identification is startling in its directness. But we have been startled so many times by similar reports only to be eventually disappointed that I will not believe the report until I see the woman who my informant says is Mrs. Luetgert."

"We are investigating the story of this man. We have learned that he is cool-headed and reliable, and his story may at last solve the mystery. But I will believe that the woman whom he has identified as Mrs. Luetgert is she only when Luetgert says so and her family corroborates him."

It is believed that the information came from Davenport, Iowa. Soon after Mrs. Luetgert's disappearance reports reached Chicago that she had been seen at Davenport and also at Rock Island, Ill., but investigation apparently proved the reports untrue.

BIG WIND AND SNOW STORM.

The Damage in Denver and Vicinity Estimated at \$100,000.

Denver, Col., Oct. 27.—Denver was last night the center of a big wind and snow storm, doing damage to property estimated to exceed in the aggregate \$100,000. The greatest damage is sustained by the electric light and telephone companies. One company has 4,000 miles of wire down. Most of the railroads are completely blocked. The storm was most severe between Denver and Pueblo, but it extended to Southern Wyoming, northeastern Utah and western Kansas and Nebraska. Considerable damage occurred in Cripple Creek, where mine operators were interfered with to an extent.

The storm came so suddenly that ranchmen did not have an opportunity to shelter their stock, but the fall in temperature is not considered by experts great enough to endanger the lives of cattle.

The city was in darkness as the mayor compelled the electric light company to cut off all its circuits on account of their dangerous condition.

HOUSEHOLD GODS.

The ancient Greeks believed that the penates were the gods who attended to the welfare and prosperity of the family. They were worshipped as household gods in every home. The household god of today is Dr. King's New Discovery. For consumption, coughs, colds and for all affections of throat, chest and lungs it is invaluable. It has been tried for a quarter of a century and is guaranteed to cure, or money returned. No household should be without this good angel. It's pleasant to take and a safe and sure remedy for old and young. Free trial bottles at Massie's Pharmacy. Regular size 50c and \$1.

THE TWENTIETH VICTIM.

Body of Isaac Rettenberg is Found at the Wreck.

Garrison's, N. Y., Oct. 27.—Twenty lives are known to have been lost in Sunday's accident on the New York Central railroad near this place and eighteen bodies have been found.

The day coach of the ill-fated train was raised from the Hudson and in it was found the body of a man not hitherto included in the list of the dead. The locomotive was also brought to the surface, and with it came the body of fireman John Q. Thompson tightly wedged between two masses of iron in front.

The man found in the day coach was Isaac Rettenberg, of Cleveland, Ohio. He had an accident insurance policy of \$2,500, payable to his mother in Cleveland. Rettenberg was on his way to New York to attend his brother's wedding.

It was a little after 3 o'clock in the afternoon when the large derrick brought up the day coach from the bottom of the river, where it had been submerged since the day of the wreck. Slowly the great mass rose out of the water, and it was seen that but for the smashed-in rear end and a hole in the roof the car was intact. It seemed hardly possible that any large number of the occupants could have escaped.

The contents of the day coach, other than the body, showed that the occupants had made a rush for their lives. There were women's shoes and hats, six men's hats, a woman's coat, eight gripsacks of various kinds, two men's coats and many small garments.

The express car was also raised in the course of the day. Everything that it had contained at the time of the accident was found except a small package of jewelry.

THERE MAY BE TROUBLE.

Clashing of French and English Interests in Africa.

Paris, Oct. 27.—The Journal says news has reached St. Louis, from the Dahomey Hinterland, to the effect that complications are imminent at Nikki and elsewhere in Borgu, of which territory Nikki is the capital, and claimed in England to belong to Great Britain by virtue of a treaty concluded with the king of Borgu prior to the treaties made with that monarch by representatives of France. It is added that on receipt of the news referred to, M. Lebon, the minister for the colonies, who is now in Senegambia looking after French interests, immediately dispatched reinforcements to Dahomey.

Lagos, West Coast of Africa, October 27.—A detachment of the West Indian regiment stationed here, has started for the frontier of the Hinterland.

Paris, Oct. 27.—A semi-official statement regarding the reported trouble in West Africa was issued yesterday evening. It says:

"The news from West Africa forebodes great difficulties in Nikki and in Borgu. The Niger Company (British) is sending officers there to incite rebellion and distribute arms to the natives. In view of this situation, French troops have been dispatched to that district from Senegal, as a preventive measure. Moreover, the British negotiations for a settlement of the Niger question have been going on in Paris for over a week, and everything points to Great Britain seeking to let matters drag. Seemingly, she does not intend to discuss the question, but means will undoubtedly be found to foil these tactics."

London, Oct. 27.—Replying to the semi-official statement concerning the dangerous state of affairs in West Africa, issued in Paris yesterday, the British colonial officials to-night declared that there does not seem to be any reasonable fear of complications at Nikki "provided the French government behaves reasonably." But, it was added at the colonial office, Great Britain has taken the determination to more effectually police her territory, and "if the French persist in trespassing, complications will naturally ensue."

M'CORMICK WINS.

His Name to go on the Electoral Ballot in Rockbridge.

Harrisonburg, Va., Oct. 27.—Judge William McLaughlin, of the circuit court, yesterday granted an application for a writ of mandamus commanding the electoral board of Rockbridge county to place the name of J. R. McCormick on the official ballot to be used in the State election next Tuesday. Mr. McCormick is the Republican nominee for the Senate in the Rockbridge district. He failed to notify the clerk of the Rockbridge county court of his candidacy, but the fact was certified by James R. Frazier, claiming to act as McCormick's attorney in fact. "This notification was deemed irregular under the Parker election law, and, acting on the advice of Attorney-General Scott, the electoral board refused to put his name on the ballot. Judge McLaughlin held that the certification of McCormick's candidacy by Frazier was sufficient under the law. The motion was argued by Messrs. White and Penick on behalf of the petitioner and by Greenlee D. Letcher for the respondent board.

DID MURDER FOR MONEY.

The Criminal Arrested on the Confession of His Brother.

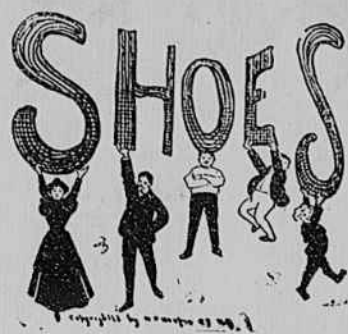

Wheeling, W. Va., Oct. 27. Wylie Bowers, a twenty-year-old boy, was arrested yesterday afternoon for the murder of Henry Kiel, whose body was found on a road near here November 21, 1896. Bowers' arrest was brought about by the confession of his 17-year-old brother, who witnessed the crime.

The boys were out hunting, and Wylie, seeing Kiel driving along in his milk wagon, suggested shooting him. He raised his rifle when Kiel approached and shot him dead. He then robbed the body and left it lying in the road.

MR. TELLER'S VIEWS.

He Writes a Letter to a Silver Republican in Pennsylvania.

Pottsville, Pa., Oct. 27.—A letter bearing on political conditions generally from Senator Henry M. Teller, of Colorado, has been received by William Wilhelm, representative of the Republican silver party in this county. Among other things, Senator Teller says:

"I have never said I thought there was little hope for bimetalism. That is one of the many falsehoods of the old gold press. I have said there is no hope of it under the McKinley administration, and I am confident that nothing will be done for the plain people of the country during this administration. I have no interest in the fight between Tammany and the Republicans. I do not hope for George's election, although it would please me greatly if he could be. The election of Tammany will not indicate that the Democratic party of the country is going to abandon silver."

"The Democratic party is committed to silver and will continue on that line, and the gold Democrats will go to the Republican party, and under the influence of the gold Democrats it will degrade and debase the party to such an extent as to make the old liberty-loving Republicans leave it. I expect to see the Republican party in the hands of the gold Republicans and the gold Democrats, and under the domination and control of the worst element ever in American politics."

"I do not care what your Pennsylvania platform says about the per capita circulation. Gov. Hastings and all the Republican leaders of your State understand that that platform was made to get into office on, and I expect to see the influence of your State given and your Senators and members of Congress brought to bear on Congress to retire the greenback and Treasury notes."

BRYAN SAYS NOTHING.

But There is No Doubt Where His Sympathies Lie.

Lincoln, Neb., Oct. 27.—Mr. Bryan was in the city yesterday en route to Ohio, where he will campaign for a week. Asked if he had or would express an opinion upon the New York majority contest, he said he must decline to be interviewed, that he had not interfered so far, and would not in any municipal contest between Democratic factions.

His intimate friends here say, however, that there is not the least doubt but that he is for George and earnestly desires his election, as are all of Bryan's advisers and counselors here. Bryan was greatly offended at Tammany's failure to endorse the Chicago platform, and in his speeches in Nebraska during the past week has several times declared that fealty to and pride in belief in that platform were the true tests of Democracy.

SOME ONE CRIED "FIRE."

In the Panic That Followed Fifty-four Persons Were Killed.

St. Petersburg, Oct. 27.—While services were being conducted in a church at Khnieloff, near Kossloff, on the west coast of Crimea, an alarm of fire was given. The worshippers became panic-stricken, and in the rush that was made for the exits many of them lost their footing, were thrown down and trampled upon. After the excitement had subsided it was learned that fifty-four persons had been crushed to death and eighty injured.

CUSSON DECLINES AGAIN.

Richmond, Va., Oct. 27.—Col. John Cusson, who last week, though unanimously re-elected, persistently refused to serve a second term as grand commander of the Grand Camp of Confederate Veterans, department of Virginia, and was then designated as chairman of the history committee, yesterday sent to Secretary Thomas Ellett a letter tendering his resignation as a member of the committee. The letter was brief, and came in the nature of a great surprise to the veteran leaders.

Those who believe chronic diarrhoea to be incurable should read what Mr. P. E. Grisham, of Gaurs Mills, La., has to say on the subject, viz: "I have been a sufferer from chronic diarrhoea ever since the war and have tried all kinds of medicines for it. At last I found a remedy that affected a cure and that was Chamberlain's Colic, Cholera and Diarrhoea Remedy." This medicine can always be depended upon for colic, cholera morbus, dysentery and diarrhoea. It is pleasant to take and never fails to effect a cure. 25 and 50 cent sizes for sale by H. C. Barnes.
